Internal, deliberative

Jeff: Thanks for putting this together. It looks good. I'm not sure if I'm comfortable with this part about EPA strategy

"**Ex. 5 Deliberative Process (DP)**" (in pesticide containers)

since I don't really know what that means in the context of our authority under FIFRA, nor is it clear what "**Ex. 5 Deliberative Process (DP)**" would be. Otherwise I have no comments.

Hi all,

Here is a draft response I pulled together as we discussed. You should be able to edit this directly.

Dan – you weren't in our quick meeting this morning but if you could look at this it would be great. Part of the QFR specifically mentioned cleaning products as you are aware. I tried to respond to that question based on the information you sent at a very high level with a lot of caveats around its preliminary status.

Thanks all

Jeff
